# A chance for women to finish school

All women can get a  
school-leaving qualification!

## EVERYONE HAS THE RIGHT TO EDUCATION

(Article 26 of the Universal Declaration of Human Rights)

### I don't have a school-leaving qualification because ...

- there was no one to help me
- there was a war in my country
- only boys were allowed to go to school
- I had children early
- I needed to help my family
- school was too expensive
- there was no school where I lived
- I had the wrong friends

**But now I want to finally get my school qualification!**

### I would like a school-leaving qualification because I ...

- would like a good vocational training qualification
- would like a good job
- would like to be able to help my children with their homework

**I would like to set a good example for my children**

**I would like to earn my own money**

**I would like to be independent**

### Who can take part in our projects?

#### All women

- with good German language skills
- who live in Berlin
- who do not have a school-leaving qualification that is recognized in Germany

### How will I learn?

- With women from women
- in small groups
- in a safe place
- We provide help with any problems you may have.
